

Academy Hill

Tuition and Fees

2012-2013 Tuition

Kindergarten: \$11,600

Grades One through Five: \$12,700

Grades Six through Eight: \$13,100

There is a 5% sibling discount for each child after the first.

There is also a surcharge of \$300 if submitted after the deadline

A 10% tuition deposit must be made at the time of enrollment. We offer three payment options:

1. Paying the balance in full by July 15th
2. Paying in two equal installments on July 15th and November 15th
3. Paying in nine equal monthly installments beginning May 1st

Financial Aid

Limited financial aid is available. Preference is given to applications completed by the end of the second week of February.

To apply for funds, complete an online Parents' Financial Statement (PFS) through the School Scholarship Service (SSS) at <http://sss.nais.org>. The SSS code number for Academy Hill School is 1036. Parents should also submit copies of all W-2 forms to the Business Office. Households that derive income from self-employment, a business, or a farm, must also complete and submit SSS's business/farm worksheet.

If two or more households share the responsibility of raising a child, each household must complete a separate PFS. Families who have received financial aid in the past must still reapply for the new academic year.

SSS will also require that you mail them corroborating copies of tax forms and filings as they become available to you. Because awards are typically made before all forms and filings are available, the awards are provisional and are neither valid nor final until the corroboration can take place. Academy Hill expects full and prompt disclosure and reserves the right to make adjustments to any awards.

A Fee Waiver Program is available to assist families for whom the costs associate with filing the PFS present a serious barrier to school entrance. Please contact the office for further information.
